A Candidate Who Will Keep Your Rooms
Unforgettable

About

Dear Hiring Team,

I have almost six months of experience working in a hotel and another six months in a cleaning company, so I understand cleanliness standards and how hotel service operates. I clean quickly, efficiently, and with no need for rework.

In addition, I have worked as a cashier and administrator, which taught me how to communicate with guests, create a welcoming atmosphere, and solve issues on the spot. This means I can work not only with my hands but also with customers – an important skill in hospitality.

I adapt quickly, handle large workloads, and always finish what I start. I am ready to join your team after completing all necessary documentation and obtaining a work permit.
