

FELIX CHARO GONA

PROFILE Experienced and skilled mechanic with around 6 years' experience and a passion for diagnosing and repairing a wide range of vehicles. Seeking a challenging position where I can utilize my expertise in automotive maintenance and repair to contribute to the efficiency and success of a reputable automotive service center.

**SKILLS &
COMPETENCIES**

Major strengths include:

Technical Skills

- Proficient in diagnosing and repairing automotive systems including engines, transmissions, brakes, suspension, and electrical components.
- Skilled in routine vehicle maintenance such as oil changes, tire rotations, fluid checks, and filter replacements.
- Experienced in construction site labor including site preparation, debris clearing, leveling, and assisting in pre-concrete work.
- Competent in material handling: loading, offloading, organizing, and securing construction materials safely.

Workplace Efficiency

- Maintains a clean, organized, and safe work environment on both mechanical and construction sites.
- Adheres strictly to safety protocols and procedures, reducing workplace accidents and hazards.
- Able to follow instructions and adapt quickly to dynamic work environments.

Teamwork & Support

- Works effectively as part of a team, assisting skilled tradespeople and contributing to overall productivity.
- Reliable and supportive team player with a strong work ethic and commitment to completing tasks on time.

Problem Solving & Initiative

- Quick to identify issues and take proactive steps in resolving basic mechanical or site-related challenges.

- Keen attention to detail, ensuring quality in repairs and safety in site preparation.

EXPERIENCE

JANUARY 2023 TO SEPTEMBER 2024 SIGMA CONTRACTING W.L.L._ (LABORER)

- Maintained a clean and organized work area to promote safety and efficiency.
- Conducted site preparation activities including debris removal, ground leveling, and ensuring the area was safe and ready before concrete pouring.
- Handled materials efficiently, including loading and offloading of construction supplies.
- Assisted skilled workers with various tasks during construction operations.
- Performed regular site cleaning to reduce hazards and ensure compliance with safety protocols.
- Diligently followed site safety procedures and protocols to maintain a safe working environment.

JANUARY 2020 TO DECEMBER 2022- CARMEL GROUP W.L.L - (MECHANIC)

- Lubricate equipment in accordance with established procedures and charts; checks and changes oil, oil filters, and air filters, fuel and services trailers.
- Observe mechanical devices in operation and listen to their sounds to locate causes of trouble.
- Examine form and texture of parts to detect imperfections. Clean and maintain shop facilities and equipment.
- Check fan belt, hoses, wiper blades and other safety equipment: check radiator and battery, check water and antifreeze level.
- Assist other the mechanics in performing moderate to complex repair work on engine's, transmission, drive unit, brakes, suspension system etc.
- Maintain records of work performed for future servicing.

EDUCATION

2015-2017 MOMBASA POLYTECHNIC UNIVERSITY COLLEGE

Automative Engineering course

LANGUAGE

- English (proficient reading, writing and oral)
 - Kiswahili (proficient reading, writing and oral)
-
